About Me

Hi, I'm Brindhaha, UG student passionate about full-stack development. I enjoy building web applications and also have a strong interest in java programming and MERN STACK web development also.

Skills

- Management Skills
- Creativity
- web development
- Negotiation
- Critical Thinking
- Leadership
- Coding Skills

Education

• Bachelor of Technology(B.Tech)

sri shakthi University

2023 - 2027

I'm currently pursuing my undergraduate degree at Sri Shakthi Institute of Engineering and Technology, a reputed institution known for its emphasis on innovation, technology, and hands-on learning. The college has provided me with a strong foundation in technical skills, especially in full-stack development and Java, while also encouraging personal growth and extracurricular involvement.

Experience

• Full-Stack Development Projects

Developed several web applications as part of academic and personal projects using HTML, CSS, JavaScript, Nodejs, and MySQL/MongoDB. Focused on creating responsive designs and efficient backend systems.

• Java Development

Built console-based and GUI applications using Java. Gained hands-on experience in object-oriented programming, data structures, and basic algorithms.

• Team Collaboration

- Worked on group projects during coursework, enhancing communication, project planning, and version control using Git and GitHub.

• Project Works

- E-book responsive website, Optimizing Drug Inventory Management and Supply Chain Tracking System , Web Application For Vehicle Service Management, and ongoing full-stack web applications and MERN stack bases also.
